
Kingpin Grade 8, different lengths(sold singly)

OctKP

£ 2.25

In stock (13/03/2010)

Description

Grade 8 kingpins. Sold singly. With nut. These are U.S. grade 8 with partial thread, to replace most trucks kingpins. these have the 6 lines on the head to show they are genuine grade 8, not the European Scale 8.8 which have metric threads and are the equivalent of U.S. grade 5....be warned! These will either be silver coated or a slight gold shade. These are the same as what we use on the precision Virage trucks. Measurement is taken from BENEATH the head to the tip.
